FAX 916-939-1707

Pet Prescription Refill Instructions

1. Please call us twenty four hours ahead for a refill on your pet's medication needs. This allows us time to accomplish your needs during our busy day.
2. You may request a refill by calling at 916-939-1705, or FAXing the form below to our office at 916-939-1707. Faxing a request is most efficient for us.
3. E-mailing a request is difficult for us because we are not online for receiving e-mails on a regular basis and they are not integrated into our practice software.
